

Partial List of Clients

The following is a list of just a few of Geotech's clients:

Environmental/Engineering

AECOM
Allied Environmental Consultants
ARCADIS
Bhate Environmental
CBMA/Intertec
Delta Environmental
Eastern Analytical
EG&G Idaho, EG&G Rocky Flats
Environmental Chemical Corp.
ERM
GeoLabs, Inc.
GZA GeoEnvironmental
Hull & Associates
Jones, Edmunds and Assoc.
Matrix Environmental
Montgomery and Assoc.
Northwind Environmental
Pace Laboratories
Pacific Western Technologies, Ltd.
Scientech Inc.
S & W Redevelopment
Sage Environmental
Shaw Environmental
Shield Environmental
Short Elliot Hendrickson
Stantec
Steele Environmental
Synterra
TestAmerica
Tetra Tech
TRC Environmental
Waste Management
Western Range and Water
Western Summit Construction
Weston Solutions
Whetstone Associates
WWC Engineering
URS

Mining/Chemical

ASARCO, Inc.

General Molybdenum
Newmont Mining Corporation
Tronox Corporation

Petroleum

BP Americas
ConocoPhillips
ExxonMobil
Marathon Oil Company
Pearl Development
Rice Operating Co.
Soap Creek Associates
Western Refining, Inc.
Williams/Transco

Agricultural

Canadian Forest Products
Howe Sound Pulp and Paper
TerraSpace
Vineyard Investigations

Government

Adams County, CO Housing Auth.
Boulder County, CO Public Health
California Department of Health
City of Pomona
Eldorado County, CA
Halifax Airport Authority
Lake County, FL Solid Waste
Miami Dade County, Florida

Univ. of Alabama, British Columbia,
Colorado, Illinois, Kansas, Louisville,
Michigan, Oklahoma, Wisconsin,
Wyoming, Yamagata (Japan)

Native American

Blackfeet Tribe
Fort Peck Tribes
Iowa Nation
Jicarilla Apache Nation
Pueblo of Laguna
Southern Ute Tribe

Utilities

Virginia Power

Non-Profit

Amer. Council of Veterinary Internal Med.
Colorado Federation for Water Education
Denver Regional Council of Governments

Testimonials

Hear what Geotech's clients are saying about us:

*Using software from Geotech, our company was able to transfer many of the data management activities for a complex project from a high priced project manager to more economic tech and clerical staff members. This resulted in cost savings of \$12,000 per year on just one project. **Vice President, Major Consulting Company***

*Geotech solved our data management problem by developing a semi-customized system tailored to our specific needs. This system now has over a million records of data in it. They provided exceptional service, and we are pleased with the program and Geotech's continuing support. **VP of Planning, Major Petroleum Company***

*We have found Geotech to be very receptive to our needs. The cost of Geotech setting up our system was very reasonable. **Hydrologist, Landfill Division of a County Government***

*We have been greatly impressed with the service provided by Geotech and the understanding of customization necessary to fit our needs. **Project Manager, Engineering Consulting Company***

*Our time to process electronic data files decreased from 30 minutes to 5 minutes per file using Geotech's software, for cost savings of almost \$5,000 per year just for that one task. **Data Administrator, Chemical Company***

*The software provided by Geotech just works. We don't even think about it. **Project Manager, Engineering Consulting Company***
